

Michael "Grant" Stokes, Augusta, GA
Cornell University

Jalion McLean, South Berwick, ME
Illinois Institute of Technology

Samuel Leung, Bellevue, WA
Rhode Island School of Design

This architecture scholarship can change your life!

Maybe you chose architecture because you want to design a better world. Or you can't imagine doing anything else. One thing's for certain: You love this work. And we'd love to help fund your college experience. We created the Diversity Advancement Scholarship to help more minority students pursue a successful career in architecture.

Apply by January 17, 2020 and you could receive up to \$20,000!
Apply online at architectsfoundation.org/scholarships.
